

## Cookie List

A cookie is a small piece of data (text file) that a website – when visited by a user – asks your browser to store on your device in order to remember information about you, such as your language preference or login information. Those cookies are set by us and called first-party cookies. We also use third-party cookies – which are cookies from a domain different than the domain of the website you are visiting – for our advertising and marketing efforts. More specifically, we use cookies and other tracking technologies for the following purposes:

## Essential

These cookies are necessary for the website to function and cannot be switched off in our systems. They are usually only set in response to actions made by you which amount to a request for services, such as setting your privacy preferences, logging in or filling in forms. You can set your browser to block or alert you about these cookies, but some parts of the site will not then work. These cookies do not store any personally identifiable information.

Host	Cookie Name	Description	Origin
controlid.com.br	OptanonConsent	This cookie is set by the cookie compliance solution from OneTrust. It stores information about the categories of cookies the site uses and whether visitors have given or withdrawn consent for the use of each category. This enables site owners to prevent cookies in each category from being set in the users browser, when consent is not given. The cookie has a normal lifespan of one year, so that returning visitors to the site will have their preferences remembered. It contains no information that can identify the site visitor.	First Party
controlid.com.br	OptanonAlertBoxClosed	This cookie is set by websites using certain versions of the cookie law compliance solution from OneTrust. It is set after visitors have seen a cookie information notice and in some cases only when they actively close the notice down. It enables the website not to show the message more than once to a user. The cookie has a normal lifespan of one year and contains no personal information.	First Party

## Performance

These cookies allow us to count visits and traffic sources so we can measure and improve the performance of our site. They help us to know which pages are the most and least popular and see how visitors interact with our website through behavioral metrics, heatmaps, and session replay. All information these cookies collect is aggregated and therefore anonymous. Use of session replay functionality is also anonymised. If you do not allow these cookies we will not know when you have visited our site, and will not be able to monitor its performance.

Host	Cookie Name	Description	Origin
com.br	_clck	This cookie is related to Microsoft Clarity analytics service. It is used to collect information about how visitors interact with the website, which helps in creating reports and improving the site.	First Party
www.controlid.com.br	_ga_xxxxxxxxxx	NAUsed by Google Analytics to identify and track an individual session with your device.	First Party
controlid.com.br	_clck	This cookie is related to Microsoft Clarity analytics service. It is used to collect information about how visitors interact with the website, which helps in creating reports and improving the site.	First Party
com.br	_ga	This cookie name is associated with Google Universal Analytics - which is a significant update to Google's more commonly used analytics service. This cookie is used to distinguish unique users by assigning a randomly generated number as a client identifier. It is included in each page request in a site and used to calculate visitor, session and campaign data for the sites analytics reports. By default it is set to expire after 2 years, although this is customisable by website owners.	First Party
controlid.com.br	_ga_xxxxxxxxxx	Used by Google Analytics to identify and track an individual session with your device.	First Party

Host	Cookie Name	Description	Origin
bing.com	MUID	This domain is owned by Mircrosoft - it is the site for the search engine Bing.	Third Party
linkedin.com	bcookie	This domain is owned by LinkedIn, the business networking platform. It typically acts as a third party host where website owners have placed one of its content sharing buttons in their pages, although its content and services can be embedded in other ways. Although such buttons add functionality to the website they are on, cookies are set regardless of whether or not the visitor has an active LinkedIn profile, or agreed to their terms and conditions. For this reason it is classified as a primarily tracking/targeting domain.	Third Party
c.clarity.ms	MR	This domain is associated with Microsoft Clarity, a web analytics product that provides insights on user behavior and website performance.	Third Party
